

# Anomaly & risk discovery for financial integrity

Empowering audit, risk and financial professionals  
with easy to use innovative technology

## Who is MindBridge?

Financial integrity is the cornerstone of your organization. Efficiency, growth, and investment all hinge on the accuracy and quality of your numbers. The challenge is ensuring exactly that and communicating the work in a way that everyone can understand.

MindBridge is a global leader in financial risk discovery and anomaly detection that delivers a better way to work by identifying, surfacing, and analyzing risk across broad financial and operational datasets.

The product combines audit and finance expertise with data science and AI ingenuity to support professional judgment and serve the human need for financial and operational transparency.

MindBridge's patented product uses a unique set of anomaly detection and exposure techniques to build trust in your numbers and reduce uncertainty by providing key insights into your data.

As the volume and variety of data grows, MindBridge is the only solution that can scale for hundreds of millions of transactions with greater analytics performance and responsiveness, turning data into useful information for quicker decision making.

## The value of MindBridge

**MindBridge is an AI-powered risk discovery product designed for auditors, risk and financial professionals and used by Fortune 500 companies and top CPA firms.**

How MindBridge delivers real value:

- **Enhances client control frameworks:**  
Replace and rationalize internal controls using MindBridge's 650+ intelligent control enhancements to achieve dramatically improved efficiencies and business objectives
- **Enables quantitative-led decision making:**  
Data-driven decision making focuses you on what matters, with organizations realizing up to 75% in time savings and attaining higher quality results
- **Safeguards your organization's financial integrity:** Achieve meaningful dollar savings by finding and acting on previously unknown anomalies in your key financial processes

**Gartner**

**COOL  
VENDOR  
2022**

# How does it work?

## The world’s most advanced AI-powered anomaly and risk discovery product for audit, risk and financial professionals

With the MindBridge product, your team can test 100% of transactions and become more efficient at spotting anomalies and understanding their risks.

The product uses business rules, statistical models, and machine learning to automatically score risks across all transactions in a data set. It then displays results in an intuitive dashboard.

With a confident, complete view into their data business professionals are empowered to make better, more informed decisions.

### Anomaly & risk analytics for your lifestyle

-  SaaS/Cloud Agile Delivery
-  AI-driven Automated Analysis
-  Audited, Reliable, and Explainable Algorithms
-  Advanced Intelligence for Greater Insights
-  Rapid Risk Scoring and Relevance
-  Flexible Data Integration and Deployment
-  API for Automation and Systems Integration

# How MindBridge is different from other solutions

**Unmatched depth & breadth of analysis:**  
No other solution analyzes 100% of your data within hours using AI, statistics and rules in parallel with full drill-down and explainability; providing full confidence in the insights provided.

**Broad applicability and flexibility:**  
Analyze almost any financial or operational dataset to gain a holistic view of your business processes.

**Actionable insights right “out of the box”:**  
Templated solutions allow quick time to value with analysis of your data in an easy to understand, risk-focused manner that you can easily operationalize.
